EduLink Parent Notification System

Dear Parents:

Our school has taken advantage of a parent notification system which will allow school personnel to quickly and efficiently deliver messages via internet or telephone to the entire school community. It will be used for general as well as emergency notifications. This system is designed to communicate to the Priority Contact List you have provided. The school will receive automatic confirmation to know if the message has been received. All information will be on a secure server, not shared outside the system.

Please carefully complete the Priority Contact List below and make sure that you list your information in the order you desire to be contacted (list only contacts you wish to be used. Four contacts are not required.):

Child	Date/Grade	Desired Language for Notification

***Example of listing information in the order and way you desire to be contacted. Once a contact is made, the system will cease to call any further numbers or emails.

1. 555-5555 Mom Home Number
2. 444-4444 Dad Cell Phone
3. 777-7777 Dad Work Number
4. ajkl@slj.com Mom Email

Number:	Relation to Student:	Circle One:
1. _____	_____	Home Cell Work Email
2. _____	_____	Home Cell Work Email
3. _____	_____	Home Cell Work Email
4. _____	_____	Home Cell Work Email
